ABOUT ME

I'm a well-travelled and highly motivated guy that loves to surround himself with greatness and strives to achieve the best in everything. I'm very passionate and love to explore new places, opportunities and throw myself into any challenge that lies ahead.

Born in London, I moved to Spain as a young teen to complete high school and exams before returning to the UK to pursue a career. Currently in the Middle East and am happy to relocate for the right opportunity.

I'm a self learner and have the ability to pick up new skills very quickly. I am very creative both working alone and in a team and pride myself of my ability to work under pressure and tight deadlines.

I love to travel and document most of my adventures on YouTube. I never travel anywhere without my GoPro and pocket sized DJI Mini drone.

I'm also a PADI Open Water Scuba Diving Instructor and love to scuba dive whenever I can.

I have a full UK and UAE drivers licence.
